

### Design and Technology

Children will look at the story of Joseph's coat. They will design their own Josephs coat using a variety of different techniques. We will all be sewing!

### I.C.T

The children will be learning how to use the internet safely. They will be using the internet to search for information about various materials. The children will learn how of copy, paste and print information found on the internet

### Chinese

Every week the children will have a half hour sessions learning Mandarin with Miss Fan

### PE kits

**Remember to bring your kit to school and leave it here.**

### P.H.S.C.E

We will be exploring the theme 'getting on and falling out'. We will use circle time to explore these issues. We will also use our behaviour policy to help up discuss the importance of rules.

# Materials

## Autumn 2012

**Remember** every Friday morning you are welcome to pop into class from 8.45am to look at the work your child has produced!

### Science

We will be exploring different materials and their properties. The materials will include plastic, fabric, sponge and lots more. We will also experiment with magnets.

### R.E

Children will be learning about what it is like to grow up in a Christian family.

### Music

We will continue to follow the Manchester Music Scheme for music.

### Art and Design

Children will look at some work of famous artists. They will produce several pieces of work including weaving, clay tiles and a sculpture using plaster of paris.
